ASSOCIATE DEG. IN WEB DESIGN AND DEVELOPMENT

Virtual university of Pakistan

2021-2023

PROFILE

A passionate and enthusiastic web developer, I recently completed my associate degree in web design and development at the Virtual University of Pakistan. My main area of expertise is web development. My projects are always aimed at perfection. Whenever I work on a project, I dedicate myself 100% to it, and I hope this dedication will help me explore my expertise and enhance my career plans.

PROJECTS

TODOLIST APP

https://dailytodoolist.netlify.app/

This is a Todolist app made with javascript and html and css3 and this also have localstorage so that we can store the data in the browser

CALCULATOR JS

https://calculatorbymaddy.netlify.app/

The calculator app I made can perform all basic and advance calculations using html, CSS, and JavaScript

MAXWHEELS WEBSITE DESIGN

https://maxwhels.netlify.app/

As part of this website for a car showroom, I used all the advanced CSS3 concepts and incorporated some JavaScript functionality

EXPERIENCE

Flverr.com
2022 - current

Over the past year, I've had the privilege of working as a freelance front-end web developer on Fiverr. During this time, I've helped numerous clients create custom websites and resolved a variety of website issues through bug fixes. From crafting unique designs to optimizing website functionality, I've been able to leverage my expertise to deliver quality results and ensure client satisfaction. It's been a challenging but rewarding experience that has allowed me to continuously develop my skills in this field.
